14	Clean up toy room – eek. Bring in reinforcements if needed. Get rid of toys! We all have too many.	
15	Dust all frames, mirrors, clocks, knick-knacks.	
16	Go through the food. Pantry, inside cupboards, storage area. Wipe out cupboards, toss any expired food. Make meal plans to use up some of the items hanging out for too long.

19	Clean the office/computer area.	
20	Clean/organize linen closet or other closets not yet mentioned. Games closet in our home!	
21	Wash walls. I use the extra-large mop from Enjo products but you could use a Swiffer, Norwex mop or any other flat mop. If you have no fancy mop, use a sponge or cloth and elbow grease and get to it.	
22	Tidy storage area or garage. In our home it's in the basement.	
23	Tame the paperwork. File all loose papers, receipts, etc. Clean up the computer files too. Download photos from phone to computer or online photo storage.	
24	1 or 2 kid's rooms. Add in fall clothes, put summer clothes in a bucket but leave in the room until cool weather comes to stay. Wipe dressers and vacuum the inside of closets and ceilings in kid's rooms.	

25	Clean any extra rooms. Is there a place in your home that hasn't been touched yet? Art room, craft room, nursery, game room, cellar, etc.	
26	Dust or wash all blinds. Wash all window screens. In the yard is easiest or use bathtub if no yard.	
27	1 or 2 kid's rooms. (If you have lots of kids like me, you'll need more time for this. If you don't have any or less than two	
28	Clean the lights/fans. Change bulbs. Dust all shades. Clean all fixtures.	
29	Clean backyard. Put away all summer toys, clean shed, power wash deck from all sticky messes, prep for fall.	
30	Clean out the van/cars. Get them ready for fall. Book appointments with mechanic, oil change, tire change, etc.	
31	Shoe/coat area. Throw out old shoes. Clean area well. Get back packs and school shoes ready.	

- Once the kids are back in school sweep/mop/treat the floors and clean the baseboards. I don't bother doing anything other than vacuum in the summer as the amount of dirt and sand isn't worth it but I wait until all their little feet won't interrupt my floor cleaning time.
